BETHLEHEM, PA
18015

April 15, 1991

Dear students and members of the faculty,

This has been an extremely successful semester for the Open Mike program, WLVR's public affairs show. Topics discussed have included race relations, drug abuse, foreign languages, study abroad, Lehigh's social policy, aLURT, and many more. I would like to thank everyone who participated in making the program a success.

We now begin our search for individuals interested in discussing issues for the fall 1991 semester. Here is a list of some **potential** topics of discussion:

- Lehigh's social policy
- Research activities
- New curricula
- Current state of local and national economy
- University services for students

The Open Mike program deals primarily with campus and community issues. The show airs every Wednesday at 7 PM. To complement this program, two new shows were created this semester to deal with state and national politics.

The Alternative, hosted by Progressive Student's Alliance co-chair Steve Ragland, is a forum for progressive discussions. This program airs every Tuesday at 7 PM.

The Right Stuff is hosted by Tim Friedman, president of the Lehigh College Republicans. His show airs every Thursday at 7 PM, and presents issues from a conservative perspective.

If you are interested in speaking on any of the above programs, please fill out the attached survey and return it to WLVR through campus mail.

Tune in this week and hear what we're all about.

Remember, if you've already made an appearance on one of our shows, you're **not** excluded from participating again! Thanks in advance for your participation.

Sincerely,

Marc Gabriel
Public Affairs Director, WLVR-FM
